FIVE really good reasons to Build Your Future with AJAX.

1 **We've been around for the long haul.** Family owned and operated for more than 65 years, we are Michigan's leading road building company.

2 **We care about our employees.** Yeah, we know. But *we* really mean it. Our employee retention speaks volumes about the company culture. Enough said.

3 **We got brawn *and* brains.** We work with the industry's most sophisticated equipment and advanced technology to build the roads, runways and tracks across America.

4 **We walk our talk.** The impressive safety standards we maintain which have been recognized repeatedly by our industry's professional organizations.

5 **We pay well too.** Seriously, we do. Our highly competitive compensation and benefit packages are what careers are built upon.

Veterans Wanted

EQUIPMENT

Our Equipment Division maintains over 500 pieces of light, medium and heavy duty equipment each season. As the backbone of our road building successes, the dependable operation of our equipment is essential to provide our crews with the ability deliver projects on time and on spec.

The equipment maintenance team leverages the latest in tools and advanced technology, including electronic diagnostics systems, to identify and repair mechanical issues quickly and efficiently.

Adopting the Total Process Reliability system, the Equipment Division remains on the cutting edge of maintaining our equipment and garages.

- We update our fleet every 5 years.
- We perform routine and preventative maintenance on all equipment according to scheduled hours of service to ensure optimal operating capacity.
- The Equipment Division has adopted the 5S methodology for our garages.
